

Silkeborg, June 2006

Dear Sir/Madam

Newsletter from KC-Denmark

First of all I will like to thank all our customers for a remarkable effort for promoting our products resulting in an increasing market share.

Next, I will inform we have changed the internal structure of KC-Denmark. We have been a private firm for 30 years and now we have changed into a private company, and this registration is valid from June 16, 2006. Accordingly the name has changed to: **KC-Denmark A/S**, and our new VAT number is 29 61 96 62. All other information for contact persons, bank accounts etc., remain the same.

At the moment we are really busy with some large orders for the global Danish Galathea 3 Expedition. Upon finishing we will add more details to our web site. More information for the expedition: <http://www.galathea3.dk/uk>

If you haven't visited our web site, www.kc-denmark.dk recently, I might encourage you to have a look. We are still adding new products and usually we have updates 1-3 times a week.

We have added some new products, which might be of interest for you or your customers:

Multi corer model 72.000/72.100:

Offers a very heavy performance. It comes with 4 or 6 tubes and a maximum penetration of 500 mm. Maximal weight of 990 kg.

http://www.kc-denmark.dk/public_html/sediment/72.000_Multi_core_r/72.000_Multi_Corer.htm

CTD Winch for arctic use.

Built-in heating elements for operating at -50 °C.
Capacity 6000 m of ø1,6 mm Kevlar wire.
Motor, 1 x 230 VAC/2,2 KWatt.

Adapter for Kajak with quick change:

A new adapter for 13.030 Kajak sediment sampler. (Quick Change). Allows using tubes with a diameter of 80 mm.

http://www.kc-denmark.dk/public_html/p8.htm

Counting meter wheel:

Our 19" meter counter wheel for 5000 kg is very popular and now we have developed a smaller model with a diameter of 11" (Approx. 380 mm) with a load of 1000 kg. Certified test is done with 5000 kg.

http://www.kc-denmark.dk/public_html/winches/Meterwheels_and_counters/300_mm/Meterwheel_300_mm_bronze.htm

Speed counter:

Our standard meter counter can be equipped with a speed counter, showing the actual speed of the wire.

Sediment traps:

A new design tested for 1 year allows you to separate all parts from the main rack; i.e. you are totally free to decide whenever the trap shall have 1, 2, 3 or 4 tubes for your analysis.

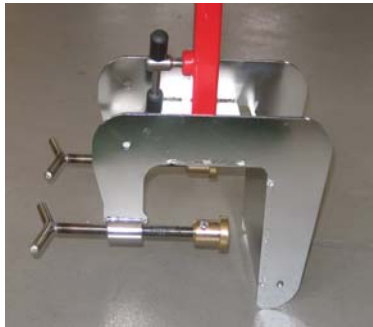

http://www.kc-denmark.dk/public_html/sedtraps.htm

Winch for 230 VAC or 24 VDC:

Electrical winch with free handle brake system. Can be equipped with digital counter and slip-ring system.

http://www.kc-denmark.dk/public_html/winches/30.050_Portable_winch_24VDC_750W/30.050_Portable_winch_24VDC.html

Universal bracket for winch:

2 Universal models for mounting on rail, bulwark, etc. Designed for heavy load.

The brackets are designed for a bar with diameter of $\varnothing 20$ mm (upper model) and $\varnothing 32$ mm (lower model).

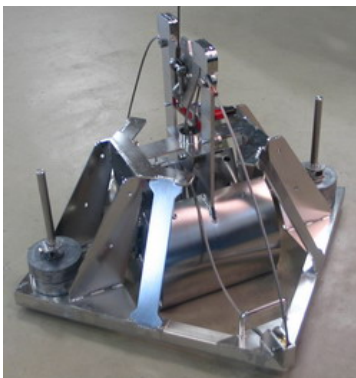

http://www.kc-denmark.dk/public_html/winches/Bracket_for_winch/Bracket.htm

Modified Day Grab:

The Day Grab has been developed in a new design and the Kullenberg releaser has been removed.

http://www.kc-denmark.dk/public_html/daygrab.htm

Summer holidays:

The company will be closed during the holidays, July 8 – 30, both days are included.

Price list:

The list is available as a spreadsheet with links to most products and their main group of our website. Packing/shipping information are available for some of our products.

Quotations:

As you might know, we have individual quotations for all our products showing the main product with photos, accessories, spare parts and prices in EUR. These quotations are sent as PDF files but upon request we can send these as editable (Word) files allowing you to add text and to insert your company's name and logo.

Manuals:

Some of our manuals need to be revised and will be available from our web site accordingly.

Questions:

If you have any questions for our products, please feel free to contact us any time. We will always make an effort to give you an answer as soon as possible and within 24 hours.

Comments for our products:

We are always pleased to have your comments for our products, whenever negative or positive. Every response helps us improving our design and functionality and the end-user is a valuable partner. In-situ photos are also very welcome.

Opening hours:

You can reach us Monday to Thursday from 0800 am to 0430 pm and Fridays from 0800 am to 0100 pm.
